

If There's A Move In Your Future, Don't Miss This Tuesday, April 29 Meeting

Lois Thorne, Aquila Commons resident, & Diane Bjorkman, owner of Gentle Transitions, relaxed in Lois' new co-op. The move was less stressful than it might have been because Gentle Transitions helped with many of the decisions, including right-sizing for Lois' new one bedroom plus den floor plan. WCCO anchor Jeanette Trompeter was on hand to film the process and the segment recently aired on the TV station.
